## CAUSE OF CAMP TROUB

rmy's Chief Officer Says Congregation ens of Thousands of Men la Great Camps Rendered it Difficult to Supply Their Wants.

(By Telegraph.)

(13) Telegraph.)
WASHINGTON, NO. 10—The report
of Major General Miles, commanding
the United States army, was made put
to today by direction of Secretary Al
er. The key note of the report is foun
to one of the opening sentences, where
is said:

in. The key note of the reports of the opening sentences, where is said;

"The military operations during the car have been extraordinary, museum and extensive," a statement which is ally borne out by the long results of inportant events which General Milhows have been made the military has every if the year 1888 the most remark the since the end of the civil war. In point of interest the document of cides naturally into four chapters, if while brief allusion is made to such antices, and the property of the very state of the cides naturally into four chapters, if while brief allusion is made to such anterest as the military expeditions. Alaska, interest centers in that ports which treats of the war with Spelin. Under this general brad, the rejudents with the plants of campaign at war preparations; with the Santiac campaign; with General Miles operations in Porto Rico, and lastly with 1 important changes in existing organization which are, in General Miles opinion, necessary to make the army ar feetive weapon for the defens of country.

of quotations of official dispatches.

THE UNPHEPAREDNESS.

Treating of the way, General Miles begins with a statement of the unperperence of the country, showing how the vast component left by the million sail diers of the cevil war had been dissipated or had become obsolete until the part of the civil war had been dissipated or had been modeled until the butage, transportation and campent page was insufficient for any Important military operation. He recounts the legislation of Compress just prior to the war, booking to the increase of the army and circs his own reconnectation of April 9 that 40,000 men be provided to cast defence and reserve that the regular army be increased and that losed immunes be recruited making a force properly equipped, he begins of 162,597 men, which, with 55,000 mirror of 162,597 men, which with 55,000 mirror of 162,597 men, with 162,597 men, with 162,597 men, with 162,597 m

LETTER TO ALGEPTIV Alge

April 1848:

April 1848:

April 1848:

\*\*Phave the honor to submit the following: That in my judgment it available force of the regular arms should be mobilized in the best arms most available heatthful position at the department of the guil I suggest the department of the guil I suggest the department of the guil I suggest the department of the serious requirement of a command for the serious requirement of actual warfare.

General Miles says in his report that in the beginning the war problem was purely a naval one ged be seen of the serious department of the serious department of the serious department of the serious department of the would be rendered unformative to the United Statistics. He says "There were two times serious cheful army on the island of Culm before our navy controlled the Cuban waters, and the other was putting an army on the island of Culm before our navy controlled the Cuban waters, and the other was putting an army on the island at a fine when a large putmber of the men smist die from the disease that have prevailed in that commy according to all statisties, for the last 10 years.

He pointed out in a letter to the Sec

the mary was demonstrating its superiority and the volunteers were being equipped.

In this letter, which is attached for Ginteras is cited in support of the recommendation to delay the army new tonest upon Cuba. In order that the volunteers should be speedily made either the states before should be speedily made either on April 26th General Miles who in the Sectuary of War that they should be camped for sixty days in their respective states before leaving them and disciplined and equipped, and then officers instructed, all important be said to health and efficiency.

"Congregating ten of thousands of mea, many of whom were not uniformeand sardely any properly scripped in great camps away from their states rendered it difficult for them to be properly supplied with food, cooking intensits, camp equippings blankets, tentagmedical supplies, transportation, etc. was to a great extent the cause; in my judgment, of the debilitating effect upon the health and strength of the men who were in otherwise good physical condition."

At this point their is a brief digress son, where, in a paragrant.

tion."
At this point their is a brief digression, where, in a paragraph, General Miles refers to General Merritt's Philippine expedition as well organized an equipped as possible, and as "well on a ducted and eminently successful in a view way."

equipped as possible and as 'well conducted and entirently successful' if
every way

General Miles also pays an eloquen
tribute to the brilliant exploit of Lieu
tenants Rowan and Whitney in secret
ly exploring Cuba and Porto Hero are
ascertaining the military situations.

He resulting the military situations
are count of the dispatch of General Sharter's expedition saying that, on account
of the importance of the enterprise indesired to go with the emission of the
importance of the enterprise indesired to go with the emission of the
importance of the enterprise indesired to go with the emission of the
importance of the enterprise indesired to go with the emission of the
importance of the enterprise indesired to go with the emission of the
importance of the enterprise intimediately organize another.

He also stated 'this expedition has
been delayed through no fault of any
one connected with it. It contains the
principal part of the army, which for
intelligence and efficiency is not
celled by any body of troops on centur.

The telegram was dated June 5th. The
day following Secretary Alger (elgraphed in reply):

"The president wants to know the
earliest moment you can have an expeditionary force ready to go to Perci Rico large enough to take and hold the
island without the force under General
Miles, in response, says:
"In ten days."

cmi Miles quotes an order issued by him to General Sharter, directing the latter is make a number of inquires is assentian whether every passible provision had been made about the transport for the supply of rations hospital supplies wagens landing hoats for the supply of rations hospital supplies wagens landing hoats are eited the following dispatch.
